

Young Diplomats Program®

Developing Leadership Skills That Last A Lifetime

At the Etiquette and Leadership Institute in Athens, Georgia, the Young Diplomats Program teaches young ladies and gentlemen social and life skills through interactive exercises and illustrated keepsake workbooks. Our “hands-on” approach is in harmony with the growing emphasis on building self esteem and character in our future leaders. The results are a healthy respect for civility.

Young Diplomats Program takes place within a safe classroom with a great deal of supervision. The program is presented by the etiquette and protocol experts of the Etiquette and Leadership Institute along with the staff from Perfectly Polished, Inc., The Etiquette School.

Our promise to you. The Etiquette and Leadership Institute will provide your child an educational and rewarding opportunity to learn and practice leadership skills.
